NORFOLK, VIRGINIA

CHAMBER OF COMMERCE—BOARD OF TRADE

May 15, 1918

NORFOLK, VIRGINIA, known with manufacturing and shipping interests as THE CENTRAL ATLANTIC PORT, is located midway on the Atlantic Seaboard, about 320 miles south of New York City, and approximately 175 miles south of Baltimore, built on the Elizabeth River at its entrance to Hampton Roads, the country's greatest harbor. The harbor of Norfolk has a shore frontage of about 50 miles; is about two hours running time to the Virginia Capes (Ocean Bar), and which port is the natural terminus of regularly established trade lanes crossing the Atlantic Ocean, serving the ports in Europe.

CENSUS.

Norfolk population, as of May 15th, 1918 (estimated)	136,500
Increase in past six months (approximated)	13,794
Norfolk-Portsmouth	194,500
Within territory eighteen miles	275,944
Metropolitan or shopping population	400,000

FINANCIAL.

Norfolk and Portsmouth Banks:	
Capital surplus	\$10,390,574.69
Deposits	35,427,393.27
Total Resources	49,839,511.83
Increase in Clearings over previous year	50,000,000.00

COMMERCE.

Norfolk Harbor—Second only to Port of New York:	
Waterborne Commerce, 1917, tons	30,746,348
With a value of	\$2,727,679,768
Norfolk District:	
Waterborne Commerce, 1916, tons	42,560,629
With a value of	3,633,834,494

<i>Year 1917</i>	<i>Quantity</i>	<i>Value</i>
*Coal, tons	12,472,801	\$ 62,364,505
Cotton, bales	621,882	55,969,380
Canned Goods, tons	81,919	16,363,800
Dry Goods, tons	293,774	117,409,600

Lumber, feet	3,378,334,737	84,456,350
Oil, gallons	3,282,262,257	919,994,393
Oysters and Fish		40,000,000
Packing House Products, tons	15,230	9,138,000
Pig Iron (tons)	2,240,084	89,603,360
Sugar, tons	98,699	12,765,620
Tobacco, hogsheads	133,656	16,038,720
Vegetables and Fruits, tons	759,378	45,562,680
Wool, tons	8,832	3,532,800
Miscellaneous, tons	6,917,593	2,075,277,900

*From the Port of Hampton Roads.

By reason of extraordinary shipping facilities at the port of Norfolk, the shipping industry in the very recent past has jumped with leaps and bounds, which is indicated by some of the astonishingly large figures shown. The three great coal carrying roads terminating at the Port of Hampton Roads provide facilities now unequalled at any other coal port in the world for bunking and loading cargo coal. The port of Hampton Roads (Norfolk) is the most important coaling station on the Atlantic Coast, and in consequence thereof, our harbor is constantly filled with vessels of all types awaiting their turn to berth at the big coal piers.

This harbor is always free from ice and dangerous currents; it never experiences tornadoes nor high winds and is a veritable refuge for all vessels in time of bad weather at sea. The fact that the harbor of Hampton Roads (Norfolk) is the most spacious on the Atlantic Coast; the least congested and the most accessible the year round to all foreign and domestic shippers are important factors in bringing this port

to the very front in shipping circles. Miles and miles of undeveloped water front, on some of which are now being built massive piers to take care of the rapidly growing business, makes it safe to say that from now on, and for years to come Norfolk can take care of the overflow of other piers, at the same time building up a shipping industry which will make for itself a name second to none of any city on any harbor or navigable stream in the world.

INDUSTRIAL.

The approximate moneys invested in private manufacturing enterprises in this territory amount to \$75,000,000.

Steam coal, mined in the New River and Pocahontas Coal fields immediately available to Norfolk, are higher in desirable quantities than any other mined in the country. The supply of this coal is abundant, and can be laid down at Norfolk at a freight rate advantageous to the consumer. These coal regions are on the rails of transportation lines running directly to Norfolk, assuring the consumer best possible delivery.

Electric power to large consumers can be had as low as six miles per KWH.

Gas and water are plentiful and can be had at very low rates.

Labor, under normal conditions, is plentiful, both skilled and common.

Climate is equable here throughout the year—no extremes in winter or summer, and out-of-door work can be carried on throughout the year with little or no inconvenience. It is estimated that about 40,000 people working here earn upwards of \$35,000,000 per annum.

Some of the principal industries are as follows:

Shipbuilding-	Peanut Cleaning	Knitting Mills
Railroad Shops	Copper Smelting	Veneer Mills
Machine Shops	Creosoting	Agricultural
Iron and Steel	Cotton Mills	Sea Foods
Fertilizer	Cotton Compressing	Government Operation
Lumber	Cotton Tie and Bagging Manufacturing	Oil
Silk Mills	Tobacco Manufacturing	Cargo and Bunker Coal

EDUCATION.

Sixty-three Public Schools (Pupils).....	22,500
Value of School Property.....	\$2,000,000
Night School Pupils.....	2,327

The public school system in this section is of the very best—modern training, being conducted in all branches, and buildings are of the best improved type.

MUNICIPAL.

Tax Rate, County, per hundred.....	\$1.25
City, including County, per hundred.....	2.00
Paved Streets, miles.....	\$61½
Unpaved Streets, miles.....	\$51½
Sewers, miles.....	108
Parks, acres.....	105
Playgrounds, acres.....	8
Public Libraries.....	3
Charitable Institutions.....	19
Fire Department, modern.....	
Police Department, modern, motorized.....	

The city has recently acquired about 300 acres of land along Bush Bluff with 2,400 feet frontage on the Port Warden Line—all for industrial and commercial purposes. Plans have been approved for the building of five commercial piers and necessary warehouses. The building of the first pier, 1,540 feet long, at an expense of about \$1,000,000, has been contracted for and construction is well underway.

The city is prepared to lease land, or construct buildings and lease land and buildings to industries *worth while*.

In a recent municipal election, the citizens of Norfolk voted to change the City Government to the City Manager form, a new charter having been drawn, which was passed by the Legislature at the last session, and will soon be put into effect.

TRANSPORTATION.

Trunk Line Railroads.....	8
Belt Line Railroad (Industrial).....	1
Steamship Lines, coastwise and bay.....	17
Steamship Lines, foreign.....	10
Electric Railways, including interurban, miles.....	198

Freight rates advantageous—water competition.

Norfolk is indeed enviably located, as regards transportation facilities. The great array of railroads, all connected by an industrial belt line, assure the shipper or receiver of freight, if he be located on the belt line, the flat Norfolk rates; in addition, the water lines and electric railways give the manufacture or shipper service par excellent.

GEOGRAPHICAL.

"Central Atlantic Port," being midway on the Atlantic Seaboard, located on Hampton Roads, America's greatest harbor, in the center of the greatest truck garden section of the United States.

SMITH & WELTON

NORFOLK'S GREATEST FASHION CENTRE

"Live and Let Live" is Our Motto.

It means the selling of the best Merchandise at the lowest possible prices, and it has won for us a most enviable position in the business world and in the hearts of the buying public of this community. It has brought us from a very modest one floor space on Main street to this big six-story modern fire-proof building shown below, 300 to 306 Granby street at the corner of Market street.

To visit the various departments of this big new store is like turning the pages of a gigantic fashion book, for the new things are shown here as soon as they are evolved.

"Exclusiveness"

is an important feature here. In the unsurpassed collections of the newest of the new things shown you will always find many exclusive things and styles—such as you will not be able to find elsewhere.

THE STORE THAT CATERS TO THE WANTS OF WOMEN FOR EVERY DAY IN THE YEAR WITH

The Newest of the New Fashions

Special attention is directed to the wonderful displays of Millinery and Ready-to-Wear Garments, Suits, Coats, Dresses, Waists, Linerie and Corsets. Art Needle Work, Infants Wear and Rich Silks, Dress Goods, Dress Trimmings, Laces, Wash Goods, Linens, Gloves, Ribbons, Handkerchiefs, Hosiery, Underwear, Neckwear, Home Furnishings, etc.

Naval Jewelry, Navy Ratings, Uniforms Made to Order, etc., etc.

IF YOU ARE IN THE UNITED STATES NAVY, WE HAVE IT

NEUROLOGY

The Evils of the Eye Strain Conquered

Nervous energy or vitality operates the human machine just as steam or electricity operates the mechanical machine; any excessive demand upon this vital energy or disturbance of its regular flow is certain to show as a functional derangement of some of the organs. We point to the fact that the human eye consumes ten per cent. of all the power generated in the brain, that is the eyes are entitled to that much by Nature's assignment but when they are defective they will involuntarily get the upper hand of the rest of the nervous system and use up more nerve energy than they are entitled to, sometimes as much as seventy-five per cent. of all that is generated in their effort to overcome their defects and maintain vision. *This constitutes eye-strain.* With these facts in view it is easy to see that if the eyes consume an amount of the body's supply of nerve force in excess to their natural share some other organ must suffer because the eyes have thus become a leak on the system and have so exhausted the supply of vitality that no organ can perform its functions perfectly, purely from lack of the necessary power to operate it. Then some doctors will find symptoms of deranged functions and treat the symptoms. We proceed to find the cause and remove it and the symptoms will disappear of themselves. There is nothing mysterious about this. No theory is worthy of confidence until it has been practically demonstrated. *More than twenty-seven thousand successful cases*, hundreds of which had tried other methods as practiced by the most eminent specialists, is about the best demonstration of the superior merits of Neurology that could be given.

Consultation of a general nature is always free.

Nobody approaches what we do for the money.

We are always busy, so to avoid waiting, call phone "Norfolk 2599," and make an appointment.

DR. JOHN W. BUCHANAN

Waterman-Enright Corporation

49 Nebraska Street, Telephone 1398

NORFOLK, VA.

Sewage Disposal Plants

Which gives the owner of a suburban or country home the assurance of a sanitary condition and a pure water supply.

A complete line of water systems, operated by electricity, gasoline and hand power. We install and sell pneumatic pressure systems only. The kind that do not breed mosquitoes.

Plumbing and Heating Systems

We install Plumbing, Hot Water and Steam Heating Systems and the L. J. Mueller Pipeless Furnace. Sanitary Sewerage construction of all kinds.

Hill's Southern Almanac

100 Almanacs with Advertisement on full back page.....	\$ 7.00
200 Almanacs with Advertisement on full back page.....	11.00
300 Almanacs with Advertisement on full back page.....	15.00
500 Almanacs with Advertisement on full back page.....	20.00
1,000 Almanacs with Advertisement on full back page.....	35.00

The Hill's Southern Almanac has passed its 28th birthday. It has grown to a circulation of nearly 150,000. We have customers who commenced with a small trial order whose orders for 1918 amounted to 20,000 copies. Our weather predictions are without a rival.

Get YOUR Share of the High Prices for ALL Farm Products

TO get these profits you **must** make every acre on your farm **produce its greatest possible yield.**

The judicious use of good fertilizers in addition to **good** soil preparation, well-selected seed, thorough cultivation, is **necessary** to accomplish these results.

Profit by Ordering Your V-C Fertilizers Now

To get **your** fertilizers in time to bring to you all the above very desirable results—it is essential that you place your orders early for the fertilizers you are going to need. Freight cars are very hard to get from the railroads on account of the unprecedented demand for cars to move manufactured products of all kinds all over the United States, and to our ports for export. Order now. Don't put it off. To delay may mean you will get no fertilizers at all.

The Car Shortage in the United States was as follows:

September 1st, 1916.....	19,000
October 1st, 1916.....	60,000
November 1st, 1916.....	108,000
December 1st, 1916.....	112,000

The spring shipments of Fertilizers required 300,000 railroad cars.

"Make Your Soil and Crops Pay More" by using V-C Fertilizers.

Why not V-C Now?

Box 1616, Richmond, Va.

BETTER FARMING

Order Fertilizers Early

Railroad Service is a Serious Problem—Fertilizer Dealers Should Accumulate Orders So That Full Carloads Only Shall Be Shipped—Railway Authorities Say Fertilizers Can Be Handled in Half Number of Cars Ordinarily Used—A War Measure.

FARM SERVICE BUREAU, ATLANTA, GA.

C. A. Whittle.

The world is hungry. To get more food is an alarming problem. How can the farms produce more food when labor is so scarce?

(OVER)

How can more acres be planted to food crops or how can more work be given the acres usually planted without more labor?

Increase of labor is hardly to be expected, but there is one important means of help which the farmer has been utilizing in the past and that is Fertilizer. But this too is beset with difficulties.

Fertilizer can increase production without increasing labor except at harvest time. The warring nations appreciate this fact, and are giving all the encouragement they can to the use of fertilizers.

The railroads can't do the business expected of them unless every freight car is loaded to full capacity. To load them to full capacity the fertilizer dealer must have enough orders in to make up a full car load before he can reasonably hope to get a shipment. The earlier the carload orders are placed the better chance, of course, of getting a shipment. Because of the shortage of equipment, the railroads should have as much time as possible to plan for moving the fertilizer. Early orders will give them a knowledge of the number of cars that will be needed.

GOVERNMENT AUTHORITIES BACKING IT

The National Council of Defense has sent out a bulletin on this very subject, urging farmers to order their fall fertilizers early so full carload shipments might be made and the largest amount of human food produced.

The United States Department of Agriculture through the States Relations Service and Bureau of Soils; and agricultural colleges and county agents, are advising the same.

The railroads are very urgent about the matter. The fertilizer manufacturers are offering to help the dealers and farmers as much as possible to overcome the transportation difficulties.

HALF CARS CAN BE SAVED

Railway authorities have statistics to show that half of the cars ordinarily used for hauling fertilizers could do the business, if only they are loaded to their maximum capacity.

Where a full car load can not be made up for one destination, then it is to be filled with orders for neighboring stations along a railroad.

MORE WHEAT AND OATS

Farm Service Bureau, Atlanta, Ga.

Each section of the country will be expected to take care of its share of wheat and oat production. Discouragement from the winter kill of the last season and labor conditions make the task of keeping up production no small one, but the country needs more of these crops if it is to take care of its allies. The prices which they are bringing, of course, do not discourage production.

Even if the acreage cannot be increased the prices which the small grains are bringing justify the very best seed bed preparation and the maximum use of fertilizer.

Growing cereals, of course, do not require as much labor as growing corn, it is true, but corn will take its turn on every well planned farm.

The scant oat crop should be husbanded for seed this year. No oats are as good for planting in the section where grown as those grown in that section. The same is true of wheat unless in a given section the best variety for that section has not yet been used.

Good seed should be ordered early. Unless fertilizers are ordered early, so that dealers can ship only in full carload lots it is quite probable that farmers will be disappointed when seeding time comes. The railroads will probably have more than they can do even with full carload shipments. It is a national necessity to

See That No Freight Car Space is Wasted.
